

Forrest DTD documentation

Table of contents

1 Overview.....	2
2 The generated documentation.....	2

1. Overview

We use the [NekoDTD](#) tool packaged as a Cocoon Generator to generate automagically some hyperlinked DTD reference documentation. Note that these references do not reflect the modularity of our DTDs, they are primarily "user-oriented help" documentation.

The actual DTDs are located in the Forrest distribution at `main/webapp/resources/schema/`

2. The generated documentation

Generated documentation for Apache Forrest document-v20 ...

- [document-v20](#)
- [howto-v20](#)
- [faq-v20](#)

Generated documentation for Apache Forrest document-v13 ...

- [document-v13](#)
- [howto-v13](#)
- [faq-v13](#)
