

# Forrest DTD documentation

We use the [NekoDTD](#) tool packaged as a Cocoon Generator to generate automatically some hyperlinked DTD references. Note that these references do not reflect the modularity of our DTDs, they are primarily "user-oriented help" documentation.

There exists generated documentation for:

- [document-v12](#)
- [howto-v12](#)
- [faq-v12](#)

Hope this helps ;-)
