Tuesday 13 December at 09:00 to 10:00 - Official ApacheCon session conducted by Ferdinand Soethe.

See the ApacheCon Schedule Session TU01. The event is only open to ApacheCon attendees.

2.2. ApacheCon Europe 2005 (18-22 July)

ApacheCon Europe 2005 in Stuttgart, Germany on 18-22 July 2005. For the first time there is a session related to Apache Forrest.

Apart from all of the general ApacheCon events, there are a number of Forrest-specific events. In chronological order ...

2.2.1. Apache committers hackathon

Monday 18 July and Tuesday 19 July all day - Open to any Apache committer. Among the many topics, some of us will informally chat about Apache Forrest and maybe fix some bugs. We will probably collaborate with the Apache Lenya committers too.

2.2.2. Apache Forrest workshop on Views

Monday 18 July commencing at 18:30 - We will go out to dinner and then meet for a developers workshop specifically about the new Views plugin development. Topics will include Views, XHTML2 internal format, and general project planning. Discussions will be technical and will assume knowledge of Forrest. We will certainly answer questions to ensure that people understand the background. However the main aim is an intensive project design session. The event is open to anybody, you don't need to be attending ApacheCon. Venue and Directions: Gather at the foyer of the ApacheCon.

2.2.3. Usability professionals meeting

Tuesday 19 July commencing at 18:30 - Johannes Schaefer will present Apache Forrest to an informal meeting of usability professionals. The event is open to other German-speaking people. See further information.

2.2.4. ApacheCon Session: Single Source Publishing with Apache Forrest

Wednesday 20 July at 14:30 to 15:30 - Official ApacheCon session conducted by Ross Gardler and Ferdinand Soethe. See the ApacheCon Schedule Session WE16. The event is only open to ApacheCon attendees.

2.2.5. Apache Forrest get-together

Wednesday 20 July commencing at 20:00 - Informal get together to discuss any topic related to Apache Forrest. Follows on from the session earlier in the day. Please come and meet other Forrest developers and users. Describe your own use cases. The event is open to anybody, you don't need to be attending ApacheCon. Venue and Directions: Gather at the foyer of the ApacheCon at 20:00. The event will be held at Stuttgart University of Applied Sciences Many thanks to HfT. See (HfT map) which is just a few steps north-west of the ApacheCon-site:
