Welcome to the org.apache.forrest.plugin.output.pdf Plugin

Table of contents

1. Apache Forrest - org.apache.forrest.plugin.output.pdf Plugin

This plugin enables any Forrest page to be output as a PDF document.

To use it simply request a page with the `pdf` extension

> **Note:**
> By default this plugin is included in a new Forrest project. You will see a PDF link in the upper right corner of the body section of each page, this will, of course, link to the PDF version of that page.
